Response to Amendment

This action is in response to the request for reconsideration filed on 1/26/05.

As per applicant's request claims have been amended.

Explanation and clarification filed by the applicant for claims 1-41 examiner has withdrawn 35 USC 101 rejection.

As per applicant's request claims 1-41 has been considered but they are not persuasive.

Claims 1-41 stand rejected under 35 USC 102(b) unpatentable over McGauley et al USPN 5,899,998.

Applicant argues,

- I) "Locator data identifies one or more location where one or more patient record exist".
- II) "Virtually centralized view of health care records distributing among disparate organization, provides or systems".
- III) "A data structure for defining a universal person object fro use in correlating queries for records stored among a plurality of disparate organizations".

In response to applicant's arguments,

- I) It was noted in the cited reference that data has been located from different sites as well (see column 2, lines 31-36), therefore, limitations are met by the reference.
- II) Respectfully applicant needs to read the reference carefully. Cited reference fairly suggest that virtual communication has been used and data has been propagated from one station to

another as interpreted from disparate organization, provides and systems (see column 3, lines 56-60 and column 4, lines 20-26 and lines 57-65), therefore limitations are met by the reference.

III) Figures 3-5 depicts defining universal object and setting up queries to manipulate data. Also see column 9, lines 42-63. Therefore, limitations are met by the reference.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
